

### Course Overview

The Trained Operator Card is proof of completion in one or more modules in various types of EWPs. There are five different EWP training modules;

- Vertical Lift (VL)
- Scissor Lift (SL)
- Self Propelled Boom (BL)
- Trailer Mounted Boom (TL)
- Truck Mounted Boom (TM)

Yellow Card training meets the two key objectives of the OH&S Acts in the following way:

- It confirms that the operators of specific types of EWPs have been trained in the safe use of the work platform.
- The supplier, employer and operator all have documentary evidence that the required 'duty of care' has been met or exceeded.

### Course Duration

Approximately 2-4 hours per machine

### Course Outline

- Risk assessment
- Hazard Control
- Logbook
- Compliance plate
- Pre operational checks
- Set up machine
- Operate machine
- Shut down machine
- Written and practical assessment

### Outcome

An interim record of training is issued on the day and can be used when operating machinery until you receive the yellow card. The Operator Yellow card will take a few weeks and will be posted to your home address.

### Location

The training is conducted at WPTC facilities located in Arndell Park.

Training can also be conducted on site with the following requirements:

- a suitable machine/s with a current log book and a safe area to operate the machine/s
- minimum of 6 persons

### Course Requirements

Applicants must be 18 years old and be able to produce Identification e.g. drivers licence.

### Cost

\$150.00 per person (GST exempt)

Add 50% for any additional module \*e.g. \$150 + \$75 = \$225 (VL + SL)

(\*To be eligible for the 50% discount, modules must be all done at the same time and on the same day.)
